RE: Piedmont Natural Gas Company, Inc.  
Notice of New Natural Gas Construction Project  
Docket No. 2012-278-G

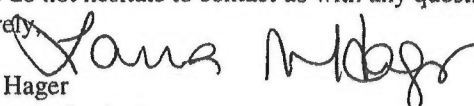

Dear Ms. Boyd:

Piedmont Natural Gas Company, Inc. ("Piedmont" or "Company") is required to notify the Public Service Commission of South Carolina ("Commission") "[o]f any construction projects resulting in a cost of \$500,000 or more." See 26 S.C. Code Ann. Reg. 103-412.2.7. In compliance with Commission regulation, this letter serves as notification to the Commission that Piedmont plans to complete installation of new coating on existing 4" transmission line 347 in Anderson. The new coating was installed on twenty contiguous feet of line 347. During preparations to install new coating on another section of line 347, a small leak was discovered. This resulted in installation of approximately 430 feet of new 4" transmission piping. The work involved re-routing the applicable section of line 347 to eliminate a casing and remove the pipe from South Carolina Department of Transportation right-of-way. Piedmont expects the construction on this project (FP 0826463) to be completed by the end of April 2018.

By copy of this letter, Piedmont is also notifying ORS of this construction pursuant to S.C. Code Ann. Reg 103-412.2.7(A).

Please do not hesitate to contact us with any questions.

Sincerely,

  
Laura Hager
